

REPORT OF KEITH GERNER in USA

March 2011

Despite sickness and snow, the Woods met us at Seattle airport safely and we arrived at their home in PASCO, Washington State.

Although the Host of the show did not turn up on Friday morning, the STATION MANAGER personally interviewed me and is going to put out some 20 minutes interview on REVIVAL in Ireland and America later in April ! Despite the non-arrival of some members of the team, he pressed ahead with the arrangement, at a time when TBN HQ was organizing a major money appeal on the network for March 4th !

He personally took the time to record my replies to set questions on Castlewellan, revival and the events of REVIVAL '11 AT Lowe MEMORIAL PRESBYTERIAN CHURCH in Belfast in February. We also covered the victories we saw in the Charismatic outpouring, our prophetic message to Pastor John Kilpatrick at Pensecola and the vision given to Yonge Chow from South Korea, of a major outpouring in USA including Seattle and the North West, where the Lord gave him the vision in a motel room. Obviously it is a critical time!

He has also offered Don an opening for his Missionary movement on the Network in May for part of the regular Friday programme !!

In answer to prayer, snow has cleared from the Mountain pass, and we are safely based in Pasco, ready for TWO MORE TV outreaches !

Interview with RADIANT LIGHT TV in Richland lasted two hours and did TWO programmes for whole valley and world Internet!

Don Woods rested but Elsie did some good driving, and we found the station with the aid of our Satellite Navigator and some help from David Woods their son, who has Google Earth software.

There was MUCH BLESSING at this Sunday morning. The service at GRACE AND LIGHT Church went out on TV from the studio here in Tricities. Several young people from a correctional facility came into the Lord and at least three prayed a sinner's prayer and came to Christ. They acknowledged some personal visions given and the Church gave a personal donation towards our travelling expenses of some \$200 !

They also took a copy of the REVIVAL IN BELFAST DVD to play to Ministers of Churches in the area !

At night some thirty or more missionaries gathered to hear a message on Revival. One received a prophecy some years ago that they would be healed and return to the African mission field. This has now happened so that we were blessed to see God confirming His word. There was rapt attention to the word by those from very different church experiences and backgrounds and some interest was expressed in Castlewellan for October this year, while some practical immediate support was given to our ministry. As each missionary caught the vision of what God wants to do in the last days, the leader affirmed their commitment to the establishing of the Kingdom of God in the whole area here in America, as well as across the world
We moved on then to WENATCHEE FREE METHODIST CHURCH

Thursday night we have about 35 people and some ten came forward for Baptism in the Holy Spirit! One you man, a Methodist intern here, began speaking loudly in tongue straight away, while the other followed more quietly !

This is a huge progress over the four years we have visited here, and Pastor Mike Henry has visited Redding with Bill Johnson's Church, while his son now in praising God in a prayer language. The Senior Pastor here is full of faith and Mike has seen a dam burst over NW America with a Revival flood ! This vision has been confirmed by Rodney Howard Browne. Pastor Mike also heard that the veteran prophet Bob Jones has seen Revival in the North West and Pastor went to his recent meeting in MOSES LAKE nearby. Here the Lord revealed it is time to MEND THE NETS for a VERY LARGE COMING REVIVAL !

Thursday night we did this with FORGIVENESS at a personal and corporate level for all hurts and there is a large contingent expected from the HEALING ROOMS for my talk on Christ as HEALER Friday night

Saturday we are teaching on the Second Coming, and we may join the church for Breaking Bread Sunday morning at 10 am with a journey back to Yakima that afternoon.

THEY HAVE ALSO WELCOMED A COPY OF THE DVD OF REVIVAL '11 in BELFAST WHICH WILL BE CIRCULATED AMONG LOCAL LEADERS!

The Church put us up in a COMFORT HOTEL, and we have even had a meal at an English style fish & chip cafe in town !! Truly we are grateful to the Lord, while Elsie's eyes continue to be healed and she is able even to drive in the dark ! She has had some soreness with

her teeth which needs prayer, but has managed a prime rib meal !!

Pastor Mike is a real man of God and we are happy to see the new move of God in the church, so that we value your prayer for some more physical miracles while we are here, knowing that between our visits, the large church of two thousand members, is experiencing new depths in God.

Friday night March 11th, we had nearly 50 people out to the Meeting on DIVINE HEALING at Wenatchee Free Methodist Church. Two folks testified to their shoulder blades being healed, as EVERYONE in the crowd got visions from the Lord ! We submitted to them first, the need for their own mind to be healed from past hurts and darkness, and then used the TREASURE HUNT method of everyone getting visions from the Lord on what he wanted to do in the way of healing in the meeting. When the results were written on the public white board, folks in the meeting claimed and received healings from those in the group praying, which included increased mobility for at least one lady who was able to run around without pain!

The HEALING ROOMS team joined the church for this meeting, so that when we leave, REVIVAL WILL STILL CONTINUE !! We believe it is the work of the Apostle (Ephesians 4) to lift the WHOLE BODY of the Church into ministry, and go outside to folks in need with miracle power! This is our forth visit to the Church and every time we come, the tide is rising so that we may expect some kind of major outpouring in the North West of America in the near future ! Rodney Howard brown and Bill Jones have both prophesied this, and we feel it is happening on the ground at Wenatchee!!

The last meeting on Saturday night at Wenatchee, was marked by testimonies to Divine Healing during this series. A man's shoulder had been healed by the Lord and his wife testified to a new mobility in her legs as she ran around !

The impact of the message on the Lord's coming again soon, was underlined by the great and unexpected Tsunami from Japan which has begun to hit the Pacific coast of America. This illustrated the vision from Limerick of a great falling away in the traditional church, with the danger of relying on the false teaching of a RAPTURE BEFORE TRIBULATION -- which is just as dangerous in careless attitude as the unprepared state of Japan for this sudden happening. -- and the local Pastor had a picture given him of the same at the end of last year. Just before the meeting, a vision of a Tsunami of a spiritual kind, was sent to us, originating in a prophet in Egypt !! This showed the great danger of FALSE PEACE and SIN In the Church !

Subject: Oceanic Waves

Blessings,

On March 10th (two days ago), I was praying then I felt the Lord speaking these words. It was so powerful to the extent that I felt a deep deep urge to share it. It was a very very powerful encounter.

In the spirit, I heard a voice warning "Oceanic waves are coming....Oceanic waves are coming."

I wasn't prepared to hear this as I was praying in another direction.

The words were very powerful in my spirit. They were ringing & echoing in my being.

Then, I saw in the spirit high waves, huge ones. A wave after another. Some waves were overlapping making big big froths.

I noticed names on the waves.

Among the names, I discerned a big wave, named : "deception & confusion". On another wave, the name was : "unclean spirit, lust & perversion". On another one, the name was : "spirit of death". Another one named : "world system & values". Among the waves, there was a very big one called "peace". This last one was very deceiving because of its appealing name. It was very strong. It was almost swallowing all in front of it.

I was scared. I was wondering were to run & hide.

Then I heard a voice "Run to the Shelters".

I looked & I found some small shelters. They looked small & not nice or appealing from outside. I thought they were too small to accommodate those who would choose to run. Yet, there was a place for everyone who decided to hide in the shelters.

I noticed some points:

I noticed that the shelters were ugly from outside looking like primitive farmer houses.

3. I noticed that in order to enter each of these shelters, you need to lean down a bit to get in (humility?).

4. The waves were very very huge & strong, swallowing everything in front of them.

5. Although the shelters looked ugly, yet they were the only things that stayed unaffected by the waves.

I believe it was a very serious encounter.

I didn't add my impression so you could hear & receive freely from the Holy Spirit.

Under His Shadow,

Hiding & abiding in Him,

Ayman

Cairo-Egypt

Folk received many visions after the Bible teaching was done at WENATCHEE, and a whole spate of testimonies followed from those blessed by our visit this year

Our meeting at Le Chateau and Yakima Christian Center on Thursday and Friday in Yakima, started with only a few people, but those has been rescued from drugs and had a huge hunger for God !

Saturday night March 19th at YAKIMA was again for only a few people, but one lady came back to the Lord and another Baptist couple were impacted with a call to ministry!

Elsie had a good time shopping and sharing with Vicki, Gary Hyndman's wife who had a good night of sleep after the word of knowledge in the meeting the night before. She also felt a healing in her body happen gradually after the very detailed and accurate word of knowledge was given to her.

Sunday March 20th was marked by a gathering of several prophets and prayer warriors in the Christian

Center at Yakima. Several people came out for healing, and were touched by God but the church has become a center for prayer for NATIONAL REVIVAL, and has been interceding now some 30 years for us and for the relationship with the native people -- where there has been a rift which may be compared to that between Catholics and Protestants in Ireland -- so that a WHOLE NATIONAL LINK HAS BENE FORGED FOR OUR MINISTRY with expectation of National revival, and a definite stand on Divine judgement on sin. The commitment shown to us by this church included a \$600 offering on the spot by their regular twenty people, as well as a meal together after the morning service !! They would welcome a return visit from us in the future, as Pastors Ron and Jan have had over 30 years of relationship with us, with a solid record of seeking and healing the land. Like the Free Methodist Church at Wenatchee, the value of our visits has been enhanced by this NET WORK LINKING with a local church moving in miracles and prophecy at a deep level. This is in line with the prophecy of Shawn Bolz over us at Elim Carryduff and the ongoing North West American Revival prophesied through net work by Bob Jones at Moses Lake in Washington State last month!! We have a blessed half hour of making a special TV programme Monday March 21st for CHRISTIANITY IN YAKIMA! This will cover the whole valley and go onto their web site for over ONE MILLION VIEWERS! This has to be added to the TBN coverage and that of another million from RADIANT LIGHT TV !!

They especially endorsed our meetings at Yakima Christian Center and the teaching on the Church preparing for Revival and Tribulation, while thanking God for His move in Ireland!

Our last house meeting here in Yakima at Byers home was attended by miracles of healing as some of the local people got touched by the power of God ! WE LEAVE here in two days, and need prayer for the journey through the mountains to SEATTLE, where we stay overnight before flying out to Heathrow London, and then DUBLIN. Our car battery there has run down and they are trying to replace it with a new one which we purchased, in order to drive home on Saturday. Pray also for Elsie, regarding the effect of being hit by a ball, and the eyesight pattern problems which have resulted, but Doc Woods has treated her, showing a remarkable new power in his body after his recent cancer diagnosis !!

PRAY FOR US as we return to our home church at Elim Carryduff, and are scheduled to do some meetings for Pastor David Carnduff at KILTONGA near Newtonards in the coming weeks

MANY THANKS

Yours

Keith
